

What support will there be for my child's overall wellbeing?

Within school there is regular liaison between pastoral care and other adults that will be working with your child.

This may include:-

- Regular liaison between staff including children's centre when there are concerns regarding individual families or children.
- Discussion around weekly safeguarding issues during leadership team meetings.
- Access to a learning support mentor.
- TAC and MAP meetings for families who require these.

In some cases your child may be asked to join a nurture group intervention or other interventions to develop social skills such as drama intervention groups.
